|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Compliance confirmed - DE  | The aircraft followed the SID for the first 3nm for noise abatement                                                                                                  |
| Compliance confirmed - AR  | The aircraft followed the STAR for the last 3nm for noise abatement                                                                                                  |
| Compliance confirmed - AT  | The aircraft was instructed by ATC to follow an alternative departure or arrival                                                                                     |
| Compliance confirmed - SIC | The aircraft followed the published SID (standard instrument departure)                                                                                              |
| Compliance confirmed - ST  | The aircraft followed the published STAR (standard terminal arrival route)                                                                                           |
| Compliance confirmed - wii | The complaint raised query over 106 Obligations (eg. Permitted numbers, operational hours, APU use, odour), activities were compliant with the planning permission   |
| Compliance confirmed - ot! | A required catch all to cover anything not covered above                                                                                                             |
| NON-COMPLIANCE - DEP N     | The aircraft was identified by FAL flight auditing as failing to meet departure noise abatement. Violations procedure initiated                                      |
| NON-COMPLIANCE - ARR N     | The aircraft was identified by FAL flight auditing as failing to meet arrival noise abatement. Violations procedure initiated                                        |
| NON-COMPLIANCE - SID de    | The aircraft failed to adhere to the SID or ATC instructions. After noise abatement, subject to investigation by NATS                                                |
